TITAN SHIELD®

BUILT TO LAST. DESIGNED TO PROTECT.

TITAN END CAPS

VERGE LOCK SYSTEM COMPONENT — TECHNICAL DATA SHEET

PRODUCT OVERVIEW

Titan End Caps provide the finishing component at the ridge where the completed verge meets the ridge line. They are designed for use with the Titan Shield Verge Lock universal dry verge system.

FEATURES & BENEFITS

- Provides a neat finish at the ridge end.
- Flexible flaps contour around the outside of the verge unit.
- Designed to be screw-fixed to the ridge batten.
- Weather-resistant, UV-resistant polypropylene construction.
